LIMITS to GROWTH

Where do we STAND, where do we GO from HERE?

Opening Plenary

50 years ago... Limits of Growth Report

A GROWTH MODEL centered on fossil fuels is OBSOLETE!

KEYNOTE

EU cut emissions by -2.5%
Despite Ukraine war

"It is DOABLE!"
We can cut emissions and have a prosperous life!

Fight Climate change

New EU growth model
Prosperous Responsible Resilient

European GREEN DEAL

Only a Sustainable economy can be STRONG longterm

"We are CHOOSING to go a new path."

Fossil Fuels

Still blurry, but visible.

We CAN build more resilient Societies

Let's make sure to take ACTION after the conference

It's not Technology we need... But

In the future...
Strong Democracies OR Economic Growth

Invest in Social Cohesion

Wellbeing
Economic Security
Ecological Resistance
Not Growth

Shift of Economic Paradigm & Political Leadership!

POTENTIAL of DEMOCRACY

Existential CRISES showed us power of UNPRECEDENTED UNITY
Pandemic War Inflation Energy

EU CAN enact massive change!

RESPONSIBILITY beyond the short term of our mandates

We can only do it TOGETHER

We need to GROW our Economy SUSTAINABLY
jobs security for FUTURE generations

Ensure no one is left BEHIND

If we BELIEVE it's too late...

it becomes a self-fulfilling prophecy

Energy of HOPE

Our goals:

Fact-based POLICIES

Gender-balance

1 Too little, too late Scenario

"Business as Usual"

The road to hell?

Destabilizing the planet for all future generations.

"People don't want economic growth, but economic security."

2 Giant Leap scenario

- End Poverty
 - Gender Equity
 - Food System Transformation
 - Transition to clean energy
 - Address Inequality
 - ✓ Social Tensions fall
 - ✓ Wellbeing rises
 - ✓ Redistributed wealth
- Driven by politics

Power, Profit Patriarchy,

People, Planet Prosperity

European Parliament Hemicycle

Many young Faces!
